Pennsylvania Road Team

- The PMTA Pennsylvania Road Team is a public outreach program led by a small group of professional truck drivers who share superior driving skills, remarkable safety records and a strong desire to spread the word about highway safety. The members of the PA Road Team represent PMTA and the industry within the community by meeting with organizations, schools, and public groups to talk about highway safety and trucking issues. The PA Road Team members are a vital part of helping PMTA spread the positive message of our industry to the public.
